REGIONAL COUNSEL

APR 02 2015

Mr. Brad Owens  
Director, Environmental Remediation  
Lockheed Martin Corporation  
Energy, Environment, Safety & Health  
2950 North Hollywood Way, Suite 125  
Burbank, California 91505

Re: Unilateral Administrative Order pursuant to CERCLA Section 106(a) for the  
Lockheed West Seattle Superfund Site

Dear Mr. Owens:

The EPA is pleased to transmit the enclosed final Unilateral Administrative Order (UAO) for the performance of the remedial design and remedial action at the Lockheed West Seattle Superfund Site in Seattle, King County, Washington. The U.S. Environmental Protection Agency has issued this UAO to the Lockheed Martin Corporation pursuant to Section 106 of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. §9606. In addition to the final UAO, you will also find enclosed a replacement page for Attachment 3 for the previously mailed Statement of Work. This document corrects the mistaken unit of measurement which Bill Bath brought to our attention.

This UAO brings to a conclusion the major enforcement aspect of this case. Thank you, and thanks to your entire team, for the hard work in collaborating with EPA to resolve our legal concerns. We look forward to turning our collective efforts toward designing the Site's selected remedy! As always, if Lockheed Martin has any technical questions about the work required by the UAO, please contact Piper Peterson, Remedial Project Manager, at 206-553-4951. Should you have any legal questions about the UAO please feel free to contact me at 206-553-8575. (b) (6)

Sincerely,

Caroline Philson  
Associate Regional Counsel
